

Jeremy McClary

Transitional Director of the
Institute of Evangelism

Sharing Good News

St. George's, Goderich
(87 North St.)

June 7 — 10 am-3 pm

Cost: \$10

The word “evangelism” refers to sharing good news—passing along a message that has positive implications for the recipients. However, for many people the connotations of evangelism are mostly negative. How can we rethink our attitude, our methods, and the way we frame the message so that it will once again be a positive experience for all parties? Join us for a one-day seminar that will equip and inspire everyday people to share the Good News of Jesus in their daily lives.
